NRG70 sculpturedSASH

A select range of hardware finishes are available to suit contemporary or traditional installations.

HARDWARE OPTIONS

STANDARD FINISHES

Please contact us for the latest availability and lead times

EASY-CLEAN HINGES

The Easy-Clean hinges enable the sash to be opened at 90 degrees

By pressing down on the purple button, the sash is released and can slide along its hinge runner

This now gives access to the front of the sash from indoors for cleaning.

OPTIONAL FINISHES

A wide range of foil options are available for either or both internal and external faces or even differing frames and sashes.

NRG70 sculpturedSASH

ROLLER KEEPS

Bi-directional roller locks and their corresponding keeps use two slots to allow for a secure night ventilation latch position.

HANDLE

A choice of stylish key-lockable handles in a variety of colours can be specified.

ROLLER LOCK

Bi-directional roller locks slide outwards into their respective keeps.

SHOOTBOLTS

Each sash incorporates shootbolts at each end for increased security.

TOP HUNG HINGE

Top hung sashes have stainless-steel friction stays as standard.

PULL-IN BLOCK

Optimises compression on the window seals when closing

OPTIONAL HINGE BOLT

For complete multi-point locking

SCULPTURED PROFILE

A section through our sculptured profile shows the 6-chamber construction and the sculptured glazing bead

GLOSS FINISH

Polished finish reduces cleaning and maintenance and retains a cleaner look for longer helping resist airborne pollutants and moulds

HIGH TECHNOLOGY

High-tech 6-chamber design intelligently uses structural PVCu for high strength in both the sash and the frame

CHOICE OF FINISHES

A selection of standard colours or an extensive range of pre-finished foils are available

100% LEAD FREE PVCu

Completely free of poisonous lead stabilisers

sculpturedSASH is the perfect partner to our unique Alumina® Residential Door system

ENERGY EFFICIENCY

PlatinumNRG is one of the best performing products on the market, taking full advantage of the increased thermal efficiency offered by it's six-chamber profile.
